About Us | Sported

Sported are the UK's largest network of community groups supporting half a million young people to overcome barriers to reach their full potential.

The 2,600 groups within our network are deeply rooted within their communities and led by highly committed, passionate local people who often give up their time voluntarily to run initiatives that help young people from their community to succeed. However, grassroots groups are often under-funded and under-resourced.

Sported role is to empower the local heroes running these groups by providing much needed professional expertise, resources and operational support, free of charge, to help their group survive and thrive.
